THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Chichester in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at The Town Hall in said Chichester on Tuesday, the thirteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to make any change in the Salary of any of the Town Officers.
4. To see if the Town will vote to allow discounts for the prompt payment of property taxes; the same as in 1950.
5. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of current year taxes and to issue notes therefor in the name and on the credit of the Town, said notes to be repaid from receipts of current year taxes.
6. To see if the Town will vote to authorize the Selectmen to sell any town owned property which has been acquired by Collector's deed and to execute, in the name of the Town, a suitable deed.
7. To see if the Town will vote to raise and appro-

priate the sum of Four Hundred Dollars (\$400.) for Pine Blister Rust control.

8. To see if the Town will vote to make any change in the number of Road Agents to be elected. Effective year of 1952.

9. To see if the Town will vote to raise and appropriate the sum of Four Hundred Ten Dollars (\$410.) for the Concord Hospital.

10. To see if the Town will vote to raise and appropriate a sum not to exceed One Thousand Dollars (\$1,000.) for the purpose of repairing the Town Hall.

11. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 24th day of February in the year of our Lord nineteen hundred and fifty-one.

LIBRARIAN'S REPORT

There were 33 books purchased in 1950 including three books of non-fiction. I am just reminding you again that the cost of books has increased much the past years.

We have received several books from friends. We received ten books from Mrs. Charlotte Fardon's daughter Carolyn. For several years Carolyn used to come to our Library with the Bookmobile. She now lives in South America.

We are missing the Bookmobile which used to come to our Library every two months, sent to us from the Public Library Commission. It still comes to our Central School.

The New Hampshire Troubadour "singing praises of New Hampshire" still comes to us every month, thru the kindness of the State Planning and Development Commission of Concord, N. H. This little booklet is much enjoyed.

The usual books have been sent to us from the State.

We have now only one branch library in town. Mrs. Mable Stevens is still in charge at "Horse Corner."

Mrs. Stevens receives \$3.00 for her services as librarian. I have received from Mr. H. F. Parker, Trustee, \$72.00 for purchase of books. Thanks again to Mr. Parker for having the Library warm for me.

REPORT OF FOREST FIRE WARDEN 1950

Forest Fire Prevention Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perverseness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of \$63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that **EVERYONE MUST:**

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part —the rest depends upon **YOU** and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking
and

YOUR care of motive equipment you use in the
woods.

It all aids, materially, in reaching the desired goal, the

PREVENTION OF FOREST FIRES — because
PREVENTION PAYS DIVIDENDS!

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chichester School District:

I hereby submit my annual report as Superintendent of Schools:

The town of Chichester is very fortunate to have a new modern school with excellent heat, ventilation, lighting, playground, school lunch program, driveway entrance, and equipment.

The School Board and the taxpayers used excellent judgment on the time of construction, for this building today would probably cost approximately twice the original cost.

The Chichester school stands as a landmark of progress and as a monument to the conception of the people for education. It clearly shows that the people of Chichester desire to give their children the best possible education.

It is recommended that the development of the playground, initiated by the School Board and the Parent-Teacher Association, be continued, with equipment added annually until it is completely equipped for children of various ages. Few schools in New Hampshire have the playground available to Chichester children for noon and recess recreation.

It is recommended that study be given to the possibility of providing a freezing unit in the Chichester school for the preservation of frozen foods and for the storing of large quantities of meat. This would ultimately save the cost of renting freezers in other communities. In past years, the people of Chichester have

helped the lunch program by canning food. It would be possible to have both frozen foods and canned foods to meet the cost of the lunch program, and to offset the probable decrease in federal surplus food next year.

It is recommended that all elementary pupils residing in Chichester be educated in the Chichester schools. It is hoped that road construction will be possible to transport five pupils to the Chichester school who are now being educated in Pembroke at a cost of \$900.00 per year, — with probable increase in the tuition cost next year.

It is recommended that consideration be given to providing instruction in industrial arts for boys and home economics for girls for grades seven and eight.

It is very desirable to provide visual education for all children. The Chichester schools should ultimately own a film strip projector and a sixteen millimeter motion picture machine. Film strips have the teaching advantage of being available at all times, because \$200.00 will provide an extensive library for an elementary school. The motion picture film must be rented or borrowed. The University of New Hampshire provides film loan service at reasonable rates, but it is almost impossible to secure the films at the proper teaching time.

The School Board of Chichester is commended for its wonderful support of the program for the treatment of teeth for the children of the first six grades. This project, advocated by the Parent-Teacher Association and the School Board for years, has been completed. This will insure a great reduction in teeth cavities and will result in better health for the Chichester children.

The school budget for 1951-1952 of Chichester has been increased, but the great amount comes in the tuition paid to other communities for high school instruction. The tuition rate for most communities for next year will vary from \$225.00 to \$275.00 per pupil.

The tuition item has increased the Chichester budget by a total of \$3,000.00.

I have enjoyed working with the members of the Chichester School Board, the teachers, pupils, and citizens. You have a right to be proud of your Chichester schools. You are providing an education in this consolidated school that was impossible in the old inadequate district schools. May I express my appreciation for the cooperation of everyone in the work of educating children.

Respectfully submitted,

GORDON L. FOX,

6 February 1951
